Announcing the 2006 10% Completion Bonus

The Seattle City Light Energy Smart Services Program is offering a 10% bonus above our normal funding levels for projects that meet the following criteria:

1. The project is completed—including any required trend logs and post-installation metering—by September 1, 2006.
2. The project has been inspected and approved by Seattle City Light by September 15, 2006. The Completion Bonus will not be paid if required corrections to the project push the final completion date past the September 15 deadline.

Active Contracts: If you already have an active ESS contract and feel that you could meet these deadlines, please contact your Seattle City Light Energy Management Analyst for a contract amendment that would apply this bonus option to your project. *To be eligible, an Amendment with this offer needs to be signed by the customer and returned to Seattle City Light by September 1, 2006.*

Projects Under Development: If you have a project under development but have not yet received a Seattle City Light contract, you may want to move forward to a contract as soon as possible if there's a chance that these deadlines could be met.

Questions: If you have any questions about this completion bonus, please contact your Seattle City Light Energy Management Analyst or call our program line at (206) 684-3254.

Thank you for your ongoing interest in energy conservation!
